

## FINANCE 30- MODULE 7B- FINANCIAL INSTITUTIONS NAME \_\_\_\_\_

Financial institutions offer money services. In Canada, that could be a bank, credit union, trust company, insurance company, investment company, or cyberbank such as ApplePay or Tangerine. Students will learn about the variety of financial institutions available in Canada, examine the services offered by financial institutions and the fees associated with those services, and the process of choosing a financial institution to access and manage their personal finances.

Task:

1. Research common financial services or products such as chequing and savings accounts, debit and credit cards, telephone banking, mobile banking, online banking and automated teller machine (ATM) banking.
2. Identify fees commonly associated with various financial services.
