internet
surveys

Based on information you've found, how do you know your topic is meaningful to others?

Is there helpful, factual information that you can share?

Do you need to refocus your topic?

Revised Topic:

SHARE...

Decide the best way to PRESENT what you have learned:

What will your product look like? Draw or describe your vision! Consider how every element in your product will be unique.

Why will people respond well and learn effectively through the format you've chosen? Consider what will be unique about your work compared to other resources you've found.
