

MODULE 29A: **SAVING**

Choose from the Suggested Activities below to find activities to help your students meet the outcome for this module from the Saskatchewan Financial Literacy 20/30 curriculum.

All resources for this module's activities can be found on saskmoney.ca.

OUTCOME

Examine the principles of saving money.

INDICATORS

- Discuss reasons for saving.
- Identify different strategies (e.g., lump sum and regular, including pre-authorized and random contributions) for saving.
- Determine advantages and disadvantages associated with various savings strategies.
- Choose appropriate savings strategies based on an individual's needs, wants and goals.
- Explore how family perspectives, culture, community influencers and personal experiences shape one's attitude towards saving.

OVERVIEW

Students will brainstorm the reasons for saving, investigate different saving strategies, including advantages and disadvantages for each strategy, and select appropriate savings strategies based on personal needs, wants and individual goals.

PREREQUISITE

None

SUGGESTED TIME

1-3 hours

RESOURCES

- Choices and Decisions. Visa Canada 2009.
