

Use this sheet to communicate with your teacher throughout the project

## 1. Plan

What financial topic do your peers need to learn more about?

What specific sources can you use to research facts on your topic?

## 2. Research

Use the Inquiry question sheet to track your research, and update your teacher when you are done researching.

## 3. Organize

What actionable steps can your peers take to develop healthy financial habits related to your topic?

Describe your plan for your video (or draw a storyboard on the back of this sheet!). How will you engage your audience, and how they will be motivated to change their financial habits after watching the video?

## 4. Reflect

Why are you confident that people your age will be engaged by your video?

Why are you confident that people your age will learn from your video?
